

مقدمة

في سعيها المتواصل لبلوغ أعلى المراتب ضمن التصنيفات العالمية، تواصل جامعة الأنبار بوتيرة عالية تشجيع وحث باحثيها لبذل الجهود من أجل الارتقاء بالمستوى العلمي للبحوث المنجزة ونشرها في مجلات مصنفة ضمن التصنيفات العالمية الرصينة للوصول الى هذا الهدف. من أجل ذلك، وجه السيد رئيس جامعة الأنبار المحترم (الأستاذ الدكتور مشتاق طالب الندا)، بإعداد دليل باحثي جامعة الأنبار الحاصلين على معامل هيرتتش في سكوباس للعام 2022، ليكون مكملاً لسلسلة الأدلة التي تم إنجازها في الأعوام السابقة.

يتضمن هذا الدليل، بيانات بحثية متنوعة لباحثي الجامعة الحاصلين على H-index في مستويع سكوباس العالمي؛ منها عدد البحوث المنشورة في المستويع والعدد الكلي للاستشهادات، فضلاً عن مقدار معامل هيرتتش لكل باحث.

من خلال دليل هذا العام، يبرز جلياً المسار التصاعدي السنوي لأعداد باحثي الجامعة ممن حصلوا على هذا المعامل، حيث أصبح عددهم (500) باحثاً بزيادة كبيرة مقارنة بالعام الفائت؛ حيث كان عدد باحثي الجامعة ممن حصلوا على معامل هيرتتش (408)، فيما لم يتجاوز العدد (257) باحثاً في العام 2020، كما يُظهر الدليل، أن أعلى معامل هيرتتش حصل عليه أحد باحثي جامعتنا المتميزين بحثياً (37).

ان الزيادة في عدد البحوث النوعية لباحثي الجامعة، كان لها الأثر الإيجابي الكبير على بيانات الجامعة في المستويعات العالمية، فأصبح كل من (h-index = 65) و (h5-index= 43) في سكوباس للعام 2022، بعدما كانا في العام 2021 (h-index = 53) و (h5-index= 34) تواليًا. كذلك الحال، في مستويع كلاريفيت أصبح (H-index = 60) في العام 2022، بعدما كان في العام الماضي (H-index = 48).
