

Third International Conference on Computing, Communications, and Information Technology (CCIT 2019)

College of Computer Science and IT, University of Anbar

24-25 April 2019, Ramadi, Iraq.

Conference Chair

Prof. Dr. Khalid B. Najim / President of University of Anbar.

Conference Co-chair

Prof. Dr. Belal Al-Khateeb/ Dean of CCSIT University of Anbar.

Scientific Committee Chair

Prof. Dr. Sufyan T. Faraj Al-Janabi, CCSIT - University of Anbar.

Organisation Committee Chair

Asst. Prof. Dr. Azmi T. Hussein, CCSIT - University of Anbar.

Publication Chair

Asst. Prof. Dr. Salah S. Al-Rawi, CCSIT - University of Anbar.

Important Dates

Deadline for Special Session Proposals
24th December 2018

Paper Submission Deadline
24th February 2019

Acceptance Notification
10th March 2019

Registration and Camera-ready Manuscript
24th March 2019

Third International Conference on Computing, Communications, and Information Technology (CCIT 2019). The conference is the third version of the series of international scientific conferences (CCIT 2008 and CCIT 2012), which are organized by the College of Computer Science and Information Technology (CCSIT), University of Anbar. The aim of the conference is to bring together leading academic, scholars and students, in order to discuss theoretical and practical issues through sharing their experiences and research results. Its focus is to promote scientific research in the various fields of computing and software; technologies of communications and networks; and the development of smart technologies and information systems. The research in such fields has resulted in the development of many algorithms, protocols, simulation methods, and intelligent systems.

The CCIT 2019 is an effective platform to present research results, share visions and ideas, obtain updates on latest technologies and expand professional and social networking. The two-days event includes keynote speeches by distinguished speakers from academia and government sectors; technical sessions featuring technical papers extensively reviewed by peers.

CCIT2019 welcomes submissions on (but not limited to) the following topics:

Artificial Intelligence

- Brain-Computer Interfaces
- Computational Intelligence
- Computer Games
- Computer Vision
- Machine Learning
- Artificial Intelligence and Expert Systems

Data Analysis

- Big Data
- Data Mining
- Image Processing
- Natural Computation
- Natural Language Processing

Automation

- Human-Machine Interaction
- Robotics

Smart Technologies

- Cloud Computing
- e-Systems
- Multimedia
- Smart Housing
- Virtual/Mixed Reality
- Web Applications

Telecommunication Technologies

- Computer Networks
- Network Security
- Wireless Networks
- Information Security and Cryptography
- IoT
- Mobile Computing

Paper Submission

The conference is soliciting full length papers, special sessions and workshop proposals on all the identified areas of research. Submissions should clearly establish the research contribution, its relevance, importance and novelty. The required paper template can be downloaded from the conference website. Papers conforming to required specifications should be submitted through [EDAS](#) Conference Management System. Moreover, the accepted papers will be published in Scopus international Journals.

Workshop and Special Session Proposals

The conference is soliciting proposals for the conduct of workshops and special sessions on all the identified areas of research. A workshop may be delivered by a group of leading researchers and pioneers in their respective areas of research. Please submit your workshop proposal to the following email with subject "CCIT2019 workshop proposal": ccit2019@uoanbar.edu.iq.

Please find more information at the CCIT 2019 webpage: www.uoanbar.edu.iq/CCIT2019
